The Honorable David A. Stockman
Director
Office of Managment and Budget
Washington, D.C. 20503

Dear Mr. Stockman:

In accordance with Office of Managment and Budget (OMB) Circular No. A-19 (revised), I am submitting proposed legislation for your advice as to whether it is in accordance with the President's program. Enclosed are ten copies of the proposed "Intelligence Authorization Act for Fiscal Year 1986," with accompanying draft letters of transmittal to the President of the Senate and to the Speaker of the House of Representatives.

The Fiscal Year 1986 Intelligence Authorization Act was identified as proposal number 99/1-1 in the proposed Central Intelligence Agency and Intelligence Community Legislative Program for the first session of the ninety-ninth Congress which was recently forwarded to your Office with the consolidated National Foreign Intelligence Program budget. Many of the provisions of the proposed Fiscal Year 1986 Intelligence Authorization Act are similar in substance to those contained in earlier Acts. You will recall that Title VI of this proposed bill entitled "Modification of Certain Naturalization Requirements," was approved by the Office of Management and Budget for inclusion in the Fiscal Year 1984 and 1985 Authorization Bills and also just recently for submission to Congress as a freestanding bill. Section 401 of the proposed bill which provides Executive Level Schedule increases for the DCI and DDCI also was approved by OMB during last year's authorization process. In addition, a provision comparable to Title VII of the bill addressing unauthorized disclosures of classified information was approved by OMB during consideration of the 1984 Authorization Bill. Additional provisions are explained in a detailed section-by-section analysis.
